d around us. They help us to see, smell, hear, taste and feel t
e body parts are called the **five senses***.

eyes

Our eyes help us see things around us.
Look at the wall. What colour is it?

no

Our nose helps us smell.
Take a deep breath. What do you smell?*

ears

Our ears help us hear sounds.
Clap your hands. Is the sound loud or soft?

ton

ur tongue helps us taste.
hat is your favourite dish? Does it taste sweet or sour?*

skin

Our skin helps us feel. We have skin all over our b
Touch your table. Is it smooth or rough?

e five senses are important
s. We should take care of

AMAZING FACT

The skin on our eyelids is ver

What it means
senses: the ability to see, hear, smell, taste and feel thin
breath: the air we take into and blow out through our n
favourite: the thing or a person that you like the most
