(1×10=10)

Read the passage carefully and answer the questions that follow.
Riya loved visiting her grandmother's village during the summer holidays. The village was surrounded by green fields, tall trees, and a small river that flowed quietly nearby. Every morning, Riya woke up early to watch the birds chirping on the mango trees. She helped her grandmother water the plants and feed the cows.
One day, while walking near the river, Riya noticed a little boy trying to lift a heavy basket of vegetables. The basket was too heavy for him, so Riya quickly offered her help. Together, they carried the basket to the boy's house. His mother thanked Riya for her kindness and gave her some fresh guavas from their garden.
That evening, Riya told her grandmother about the incident. Her grandmother smiled and said, "Helping others is the greatest habit a person can develop." Riya felt happy that she had made someone's day easier.
