

Speech on Teachers' Day

Good morning everyone,

Respected Principal, teachers and my dear friends. Today, I feel very happy and proud to stand before you all to speak on the occasion of Teachers' Day.

Teachers' Day is celebrated in India on 5th September every year to honor and respect our teachers for their valuable contribution in our lives. This day is the birth anniversary of Dr. Sarvepalli Radhakrishnan, a great teacher, scholar and the second President of India. He believed that "Teachers should be the best minds in the country."

A teacher is not just a person who teaches us from books, but also a guide, a mentor and an inspiration. Teachers teach us good values, discipline and the right path in life. They encourage us when we are down and help us bring out the best in us.

We may forget what we learn in classrooms, but we can never forget the lessons our teachers teach us for life. Their love, patience and hard work shape our future and make better human beings.

On this special day, let us take a moment to thank all our teachers for their endless support and dedication. Let us promise to respect them, listen to them and make them proud with our actions.

Once again, Happy Teachers' Day to all our teachers. Thank you!
