

Seven Star Sr. Sec. Pub. School Bani

Class -5<sup>th</sup> Sub- English

Monday Test. M.M:25

Section-A (Reading)

Q1 Read the passage carefully and answer the questions that follow:

The Helpful Squirrel

Riya was walking through a park one morning when she noticed a small squirrel near a tree. It was carrying a piece of food in its mouth. Suddenly, the squirrel dropped the food and began searching around the roots of the tree. Riya watched it quietly and noticed that it was trying to find a safe place to hide its food. Squirrels often collect nuts and seeds and store them in different places. This helps them have food when it is difficult to find any. Interestingly, squirrels sometimes forget where they have hidden their food. The seeds that remain in the soil may later grow into new plants and trees. In this way, squirrels unknowingly help nature.

Riya was amazed to learn that such a small animal could play an important role in the environment. She decided that she would never disturb animals and birds in the park.

Questions

A. Answer the following questions. (2 Marks)

1. What was the squirrel trying to do?
