

### (3.1) Classrooms well maintained

(Total Score-10)

Well-maintained classrooms form the backbone of an effective teaching-learning environment. The institution places strong emphasis on ensuring that every classroom is equipped with adequate infrastructure, essential resources and a conducive atmosphere for academic excellence. The classrooms of the college are well maintained with proper infrastructure and essential resources to support effective teaching-learning. The college has a total of 27 well-maintained classrooms that are adequately ventilated and furnished. Several rooms are ICT-enabled with projectors and interactive panels to enhance the teaching-learning process. Regular cleaning and maintenance ensure a safe and conducive academic environment.
